JCEF THANKS YOU!

Jordyn Cook and her family want to thank everyone who is so generously participating in this major fundraising effort for the Jordyn Cook Epilepsy Fund (JCEF). The JCEF is the sole funding source for Mass General Hospital's **"Growing Up With Epilepsy"** educational website.

Epilepsy affects more people than Cerebral Palsy, Multiple Sclerosis, Parkinson's Disease, Muscular Dystrophy and blindness, **combined!**

The JCEF and Mass General Hospital are working to "Shine a Light" and bring Epilepsy out of the darkness of ignorance and fear. With the funds raised today, you are helping us reach our goal of \$350,000 to keep this effort moving forward. We have already raised and donated \$188,000 toward this goal.

Thank you.
